

It is important to state that the radio station of K-LOVE in Valencia county, New Mexico is of great value to me as a resident and educator. K-LOVE provides me positive and uplifting music, but more necessarily, it offers world news, family help, and spiritual guidance. The information is presented in a way that is appropriate for anyone in the family to listen. The station does not promote any stories or advertisers that are sexual in nature, or products that are otherwise unhealthy to one's physical body, such as alcohol or cigarettes. There is nothing in K-LOVE's broadcasting that would cause a small child to be curious to try something dangerous. K-LOVE is simply Positive and Encouraging. K-LOVE has become part of my daily routine on my way to work to prepare me for my day. Whether I listen to the music, or the family advice, or the local or world news, I feel that I am fortified to face the world. K-LOVE is broadcast all over the country and I know others in my family that listen to it at the same time I do. The station inspires cerebral conversation and basically inspires us to be better people. There are not many organizations that are interested in the welfare of the public over their own bank accounts. In this world of drugs and cheating, sex and divorce, K-LOVE is committed to making the world a safe place for families and individuals who strive to be better than they were yesterday. We need MORE of this attitude not less.

Thank you, Elizabeth M Crouch
